Drink More Water

Open your refrigerator and there's a good chance you'll find soda, juice, sweet tea, and more—all of the things kids go for. Children think they want soft drinks and other sugar-sweetened beverages, but their bodies actually crave water.

Do you know how much sugar is in your family's favorite 20-ounce drink?
Use the chart below to think about the amount of sugar your family may be drinking.

Light or Dark Soda – 16 teaspoons of sugar

Sports Drink – 9 teaspoons of sugar

Sweet Tea – 14 teaspoons of sugar

Fruit Drink – 18 teaspoons of sugar
