

Asking Saves Kids

Ask one question, it might save your child's life.

ASK (Asking Saves Kids) Day is a reminder to all parents to ask if there is a firearm inside the home where their kids will be playing and if it's stored, locked and unloaded. It's also a reminder to parents to secure their own firearms within their home.

Make sure all guns are stored unloaded and locked, ideally in a gun safe with ammunition locked separately.

Risks by the numbers:

#1

In the U.S., gun-related injuries are the leading cause of death for kids and teens.

1 in 3

homes with children have guns, and most know where they are located.

7

children under the age of 18 are killed by guns each day.

On average, Children's Healthcare of Atlanta sees **2 firearm injuries every week.**

If you are struggling with how to ASK, here are some tips:

- ✓ Bring up your home first, and they'll likely respond: *"Just so you know, we don't have any guns or pets in our home."*
- ✓ Weave the question in with other questions such as, *"Will they be watching television? Will they be playing outside? Is there an unlocked gun in the house?"*
- ✓ Embrace the awkwardness: *"I know this is awkward, but I have to know, is there an unlocked gun in your home?"*
